Press Release

May 28, 2013

The Government of Montserrat is soliciting Expressions of Interest for the proposed Montserrat Submarine Fiber Optic Cable Project.

The Government is considering five different business plans (“Project Business Models”) for the development and implementation of the project, and intends to identify and facilitate the model that will be most effective in bringing the greatest benefits to Montserratians.

Interested companies with the requisite capacity to undertake work in the field of Subsea fiber optic installation and/or operation may download the detailed EOI document on the Government of Montserrat’s website at www.gov.ms

All submissions must be received by **Friday, June 14th at 12:00 noon** Montserrat time (*UTC-4:00*) in order to be considered.
